

Good in Me

Official Lyrics

Written by David Ferro

Verse 1

You're the only good inside of me

You're the only side I want

Everyone to see

I let go and yours is

My life, to steer

Cause to be like you

Is all I'll ever dream

Chorus

I won't let go

Jesus you're my hope

Cause of you I glow

God with you I'll never be alone

Pre-Chorus

I know that you'll never

Let me go

Cause of you I know

**Every sin is gone
All the bad in me
Has now been withdrawn
God you love me to
Infinity and beyond**

Verse 2

**Lord please just
Open my eyes
You're the one whose
made me realize
That your kingdom
has arrived
all I have to do
is step into the light**

Verse 3

**Show me the way so that
I can change my life,
Help me live the perfect life
That You designed
If I'm with you
I will always win the fight**

**Cause with you is when
I feel the most alive**

Chorus

**I won't let go
Jesus you're my hope
Cause of you I glow
God with you I'll never be alone**

**Never be alone
And I'll never let you go
Cause you're the good in me**

Bridge

**I'm tryna be immersed in His grace
While surfing this wave
In the darkest of days
I'm finding my way
I'm finding my way out
They don't even know what to say wow
His plan is great it's playing now
Mine was plain just played out**

**He found the good in me
He was pulling me
I was pushing of course
I would impede
But He plant the seed to feed my faith
That's food for thought
That's food for days
That's fish filet
I ditched my ways
To just be saved the way He molded clay
Yeah He molded me now I feel free
That's God
Undeserving
Got me learning
This is what I sought**

**I was the one
With the 99
I was living life
On the wrong side
I couldn't see
I need Your light
I was the one**

**You ain't left behind
Ain't qualified
But you gave me the job
So when they ask me
This why I go hard
If this was a movie
I'm playing my part
These verse ain't none of me
It's gotta be God
Felt like the Marlins
Was cappin' a lot
Hungry for You
And you hand me a plate
Table was full
And You gave me a spot
I need a hero
I don't need a cape
God is the good in me
Only One that I need
Odds all against me
Don't gotta worry
He got a plan
I know that it's perfect**

**You came for heart
Jesus you earned it**

Chorus

**I won't let go
Jesus you're my hope
Cause of you I glow
God with you I'll never be alone**
